## Fizz kids

Mothers and their children flocked to **Louis Vuitton** on Sloane Street for an afternoon of entertainment and champagne to raise awareness for CLIC Sargent charity. **Marina Fogle**, with her trusty Kasimira team in tow, had stations around the shop doling out manicures and make-up, making charm bracelets; and palm-reading. **Cosima Pavoncelli** and daughter **Marina** got stuck in with the cookie-cutting as **Rosario of Bulgaria** hit the mini-hamburgers and fish 'n' chips. **DJ Alessandra** set the groove with children's music while **Andrea Dellal**

and her daughter **Alice** checked out the new autumn/winter collection. Most popular with the children was the magician, who made goldfish as well as money appear – always a help if you are in Vuitton!
